Chief of Naval Operations (OP-099)
Department of the Navy
Washington, D.C. 20350

Attention: Vice Admiral M. W. Cagle

Dear Admiral Cagle:

The Secretary of the Navy has invited the Central Intelligence Agency to assign three representatives to attend the resident College of Naval Warfare Course at the Naval War College in 1973-74.

We regret that present-day manpower problems are causing us to reduce Agency participation in certain external training programs. Therefore, we will be able to assign only two CIA officers to the College of Naval Warfare for the academic year 1973-74.

The names of our candidates, pertinent biographic information, and certification of security clearances will be forwarded to the President, Naval War College, in the near future.

Sincerely,

25X1A

HUGH T. CUNNINGHAM
Director of Training
